Subject: Willamette Cove Upland Facility: Feasibility Study
Attachments: removed.txt; 1056-04 Willamette Cove Feasibility Study (text and tables).pdf

Attached please find the Port and Metro's *Feasibility Study* (text and tables only) for the Willamette Cove Upland Facility. Hard copies will follow by mail to DEQ and EPA. Due to file size constraints, a copy of the report PDF will be on a CD included with each hard copy. Please note that Appendix B (which is a spreadsheet database) and figures from Appendix C (which include layered data that only function in stand-alone files) will not be included in the report PDF on the CD. These items will be on a separate CD bound with each hard copy report. If you have any questions, please contact Dwight Leisle at (503) 415-6325.

Thanks!

*Michael
